# Mangesh Dattrao Navghare

J +91 7030278687 — ■ navgharemangesh826@gmail.com — 🖸 github.com/mangesh0901 — 🗖 Linkedin

## Objective

• Seeking a challenging role in software development where I can apply my programming expertise and innovative thinking to develop efficient solutions while enhancing my technical and analytical skills.

#### **Technical Skills**

#### Engineering

• Programming Languages: C++ (STL, OOPs, DSA)

• Web Client Development: JavaScript, React.js, HTML, Tailwind CSS

• Databases: MySQL, MongoDB

• Backend Technologies: Node.js, Express.js

### Education

#### JSPM's Rajarshi Shahu College of Engineering, Tathawade, Pune

Bachelor of Computer Engineering

07/2022 - 06/2026

CGPA Avg Score: 8.01

### **Projects**

Job Seeker Web Application (Skills: Dynamic Web App)

- Developed a dynamic job-seeking web application from scratch using the MERN stack (MongoDB, Express.js, React.js, Node.js).
- Implemented authentication and authorization features to ensure secure access for job seekers and employers.
- Designed a user-friendly frontend interface using React for seamless user interaction.

WeatherApp (Skills: HTML, CSS, JS)

- Developed a responsive weather app using HTML, CSS, and JavaScript.
- Integrated the OpenWeatherMap API to fetch and display real-time weather data.
- Added search functionality for users to find weather information for different cities.

**Tic-Tac-Toe** (Skills: React.js Game Logic)

- Built an interactive tic-tac-toe game with React, providing a dynamic and engaging user experience.
- Implemented game logic using JavaScript, including a winning logic algorithm to determine the winner.
- Highlighted winning moves on the game board and displayed relevant messages upon game completion.

#### Achievements

- Successfully completed the IBM workshop on "Use of AI for Software Development", gaining hands-on experience in integrating AI for software solutions.
- Participated in various college events, including cultural and sports competitions.
- Regularly solved programming challenges on online platforms like LeetCode, CodeChef, and Codeforces.

# Certifications

- $\bullet$  C++ Completion Certificate IIT Bombay
- $\bullet$  RDBMS PostgreSQL Certificate IIT Bombay
- $\bullet$  Web Development Certification Udemy

## Strengths

- $\bullet$  Teamwork
- Consistency
- Adaptability
- Strong technical skills
